

COMPANY OVERVIEW

Quill Match Enterprise is a certified small business built to win federal sole-source awards - supplying office essentials, furniture, and janitorial products across civilian, defense, and VA buyers.

We focus on the three NAICS families the government re-buys most: GSA SIN 75 (Office Management), SIN 71 (Furniture & Furnishings), and SIN 03 (Facilities) - buying lanes that AbilityOne's mandatory-source list does not cover.

Orders are sourced on a lean model that keeps compliance claims defensible at audit: every PO cites a real FAR subpart, a real SBA authority, and a real set-aside justification a contracting officer can drop into a contract file.
